

		MLSP 2023 Program-at-a-Glance				
		September 17th	September 18th	September 19th	September 20th	
Morning	8:00 - 8:30			Registration		
	8:30 - 9:00		Registration	<u>Lecture 3</u> Special Session "Multiview Representation Learning For Machine Learning And Data Fusion"		
	9:00 - 9:30		Opening		Registration	
	9:30 - 10:00	Registration			<u>Lecture 6</u> "Industry Panel"	
	10:00 - 10:30	<u>Tutorial 1</u> "Bi-Level Optimization In Signal Processing And Machine Learning: Foundations And Emerging Applications"		<u>Lecture 1</u> "Recent Trends in MLSP"		<u>Lecture 4</u> Special Session "Efficient Bayesian Methods For Signal Processing"
	10:30 - 11:00					
	11:00 - 11:30		Coffee break			
	11:30 - 12:00		<u>Keynote 2</u> Speaker: Klaus-Robert Müller	<u>Keynote 3</u> Speaker: Mihaela Van Der Schaar	<u>Keynote 4</u> Speaker: Stefanos Zafeiriou	
	12:00 - 12:30					
	12:30 - 13:00					
Lunch	13:00 - 14:30	Lunch				
Afternoon	14:30 - 15:00	<u>Tutorial 2</u> "Spatial Audio Signal Processing – Overview And Machine Learning Challenges"	<u>Lecture 2</u> "Celebrating Jan Larsen’s Life and Contributions"	<u>Lecture 5</u> Thematic Session on "Explainable and Reliable Machine Learning in Signal & Data Science"	<u>Lecture 7</u> "Deep Generative Models"	
	15:00 - 15:30					
	15:30 - 16:00					
	16:00 - 16:30	Coffee break				
	16:30 - 17:00	<u>Tutorial 3</u> "Model-Based Deep Learning"	<u>Poster 1</u> "Deep Learning techniques"	<u>Poster 2</u> "MLSP Applications 1"	<u>Poster 3</u> "MLSP Applications 2"	
	17:00 - 17:30					
	17:30 - 18:00					
	18:00 - 18:30	<u>Keynote 1</u> Speaker: José C. Principe			Closing	
	18:30 - 19:00					
Evening	19:00 - 19:30	Welcome Cocktail Reception		Tours & Fun		Tours & Fun
	19:30 - 20:00					
	20:00 - 20:30		Social Dinner			
	20:30 - 21:00					
	21:00 - 23:00
